

HYDROMAX USA

Advanced Water and Wastewater Data Collection

SEWER LATERAL INSPECTIONS

Experienced Personnel

Advanced Technology

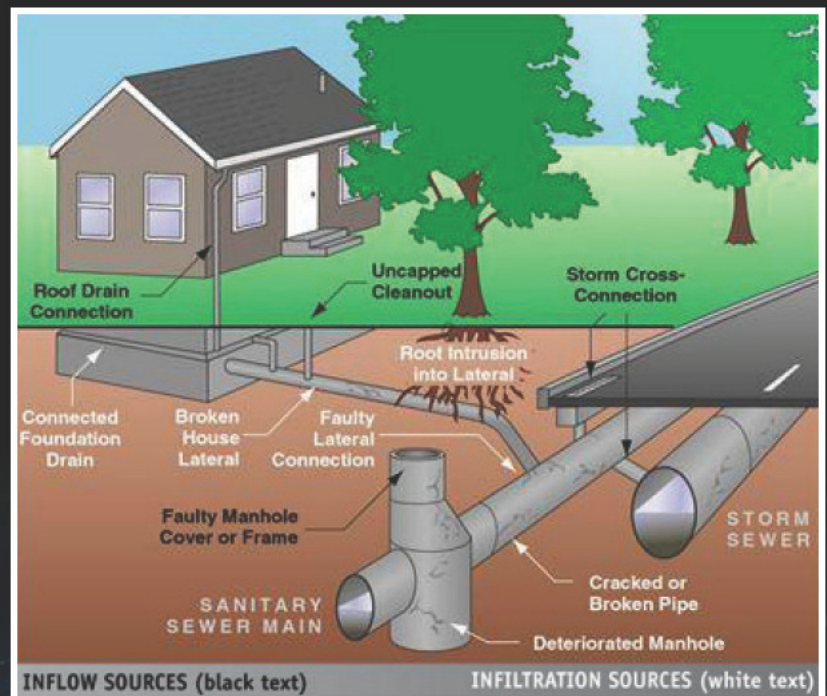

Commitment to Clients

Why Inspect Laterals?

- Laterals comprise up to half of a collection system
- Up to 80% of inflow/infiltration (I/I) derived from private sources*
- Defects lead to SSO's
- Identify cross bores from other utilities
- Inspection cost <5% cost of rehabilitation

* WEF Private Property Virtual Library (PPVL)
